

GLOBAL PRECISION: SHIPPING ART, FASHION & FURNITURE FOR A TRAVELING EXHIBITION

Our client, a visionary at the intersection of fashion and design, embarked on an ambitious global exhibition. The events would span continents, moving a full-scale collection from Italy to Dubai and then onward to two major cities in China, with stops back in Italy in the interim.

This series of high-profile shows was more than a fashion exhibition; it included furniture and even art being sent to some destinations. Every piece, from bespoke garments and footwear to handcrafted furniture to one-of-a-kind art, had to arrive on time and in pristine condition.

With hundreds of items requiring precise coordination, and several requiring CITES clearance or oversized transport, there was no margin for error.

HIGH-STAKES LOGISTICS, FLAWLESSLY EXECUTED

Worldnet's Premium Service and On-Board Courier (OBC) solutions were at the heart of this seamless operation.

Our global logistics experts got to work weeks in advance, coordinating:

- Route planning & special permits
- CITES and Customs documentation
- ATA Carnets for global movement
- On-site project management
- Uncrating, secure storage, and re-crating
- Return logistics and tracking support

With oversized furniture and garments in transit, timing was everything. Even with several bank holidays involved, proactive planning and meticulous execution allowed the entire operation to proceed without any delays across borders, continents, and time zones.

A SHOWCASE WITHOUT COMPROMISE

We moved over 100 pieces of art furniture and 500 pieces of fashion and footwear across three continents, without disruptions. Every detail was managed ahead of schedule, and nothing was left to chance.

By leveraging Worldnet's white-glove service model, transporting this travelling exhibition was a resounding success, a demonstration of how logistics can elevate creative expression when managed with precision and foresight.

ASK FOR THE WORLD.

Whether you're planning a fashion showcase, fine art installation, or multi-continent tour, Worldnet is your trusted partner for bespoke global logistics.
